RENO, WASHOE COUNTY, NEVADA. SATURDAY, DECEMBER 20, 1879.

NO. 70.

NEWS NOTES.

The *Journal Official* puts the number of political journals published daily in Paris at the amazing figure of forty-nine.

A negro constable in Virginia endorsed on a summons the best sent to serve on a lady. This witness is sick in bed and one week old.

Three hundred mounted men rode through Elliott County, Ky., whipping all the reputed thieves and hanging two confessed highwaymen.

Figaro calculates the cost in gas entailed by a recent fog in Paris at \$145,937, in shops and offices alone. What must fogs cost, then, in London.

The new museum of the precious remains of ancient art discovered during the progress of the Tiber works was to be opened at Rome this month.

Ireland has a peer in the person of Viscount Taaffe, who is an Austrian subject and Count, and always resides in Austria, and Scotland has a peer in the person of Lord Fairfax, who is an American citizen, and always resides in America.

The number of Italians in France has steadily increased from 63,397 in 1851 to 165,000 to-day. The Italian colony at Marseilles includes a dozen families occupying a high rank in the town. Marseilles is the Franco-Italian headquarters.

Near a blast furnace at Carondelet, Mo., is a reservoir into which the exhaust steam and waste water from the boiler are sent through under ground pipes. A tramp fell into this terribly hot place, and was boiled to death so quickly that he did not stir or utter a cry.

The German Waiter's Association includes nearly 2,000 members, and has a central office at Leipzig, and branches in all great cities at home and abroad. It publishes a newspaper, of which 3,500 copies are issued. Last October a Congress of the association was held at Berlin.

Among the many productions of California's fertile soil, the olive promises to be one of the most valuable. An intelligent Italian, who has been familiar with the culture from his infancy, says that, eventually, the California olive will surpass the best produced in France or Spain. It is now larger and of better flavor, and yields an oil equal to the imported article.

The Rev. Dr. Barton of Charlotte, N. C., recently said, in his pulpit: "On Tuesday evening next, in this church, I will marry brother Benton and sister Rogers." He was afterward asked why he had used a word not in the dictionary, and he replied, in a letter to the local newspaper, that such a word was needed, and therefore correct; that the couple married each other, and the minister married them.

The Central Military Prison, now in construction at Spandau, on the Potsdam road, near Berlin, is an enormous place, and its tower, 92 feet high, is seen from a great distance. The left wing of this colossal edifice will contain 156 cells for those sentenced to solitary confinement. The three other wings will be allotted to the ordinary prisoners. A portion is set apart as a prison for officers and sub-officers.

Big Foe in England.

The case of Lawson agt. Laborers affords fat pickings for the legal profession. The Attorney-General has already netted £1,250, while the cost of the application for a mandamus was £250. It is calculated that the proceedings will foot up at least £3,000 before a verdict or disagreement is reached. However, the prosecution may turn out personally for Mr. Labouchere, it is a good thing for *Truth*, the circulation of which has nearly doubled. Seeing that the proprietor was drawing already £4,000 per annum from his paper, it requires but little arithmetic to find that the attack on Mr. Lawson served a shrewd business purpose.

I Wish Everybody to Know.
Rev. George H. Thayer, an old citizen in this vicinity, known to every one as a most influential citizen, and Christian Minister of the M. E. Church, just this moment stepped in our store to say, "I wish everybody to know that I consider that both myself and wife are living to Shiloh's Consumption Cure." It is having a tremendous sale over our counters and is giving perfect satisfaction in all cases of Lung Diseases, such as nothing else has done. Bourbon, Ind., May 15, 1878. Dr. Hatcher & Co. Sold by Osburn & Shoemaker, Druggists, Reno, Nevada.

As Happy as a Big Sun Flower.
Bill just look at this bundle. Well I should smile, the bundle is bigger than yourself. Ha ha ha, but the best joke of all is, the whole business cost me only \$7.35. You see, I have 13 yards of dress goods, for \$1.50; lining, for waist and skirt, 50 cents; thread, 25 cents; braids 1 cent; 1 dozen buttons 14 cents; 4 pairs stockings 10 cents; a shawl for 50 cents; one nice silk skirt 75 cents; 15 yards cotton-dress for \$1; 18 yards checked cotton-dress for \$1; 4 yards scarlet flannel for \$1 and a whole lot of running for 50 cents. When you see this you get it all. At Sol. Levy's. You bet that is the place to say your goods.

No Exception Used.
It is strange so many people will continue to suffer, when they can procure at our store *CHILD'S VITALIZER*, one of the best does not cure or relieve them. Price, 75 cts. Sold by Osburn & Shoemaker, Druggists, Reno, Nevada.

Nothing in the way of gifts pleases the ladies so well as jewelry. Goeggel, the Virginia Street Jeweler, has opened for the Holiday trade a large and elegant stock of jewelry, watches, plated and solid silver ware, clocks, and optical goods. Particular attention is called to the fact that his stock is entirely new. He exhibits some beautiful novelties in Etruscan gold jewelry, comprising sets, necklaces, lockets, chains, etc. He has jewelry set with diamonds and precious stones in variety. Most of his jewelry is 14 and 18 karats fine, and no article in his stock has been over 6 months out of the manufacturer's hands. dec11tf

Guilty as Charged.

That Bright's disease, Diabetes, Pain in the back and loins, Smarting, inflammation, Calculi, Brickstone deposit, or any trouble of the Kidneys or Bladder, is cured by the use of Dr. MINTZ'S Nephritic, the great Buchu Compound. It is the most wonderful prescription ever compounded for these troubles. Messrs. Abrams & Carroll, wholesale druggists, say: "We regard Nephritic as the best Kidney and Bladder Remedy in the market." Woodward, druggist, Portland, Oregon, says: "Everybody speaks highly of it." Childs, druggist, Portland, Oregon, says: "Sold lots of it; it always does the work." Many have been cured of obstinate kidney complaints after the doctors have given them up. For sale by Osburn & Shoemaker. Price \$1.25. oct 3

Suicide.

A distinguished scientist once said: "No man with a strong and healthy stomach ever committed suicide; and yet many are suffering the tortures of the damned with Dyspepsia, when a single bottle of Dr. MINTZ'S Pills will give relief, and if persisted in, will cure the worst case of this distressing trouble. This pill cures Torpid Liver and Biliousness, regulates the bowels; removes pimples from the face, cures sallow complexion, foul breath, sick headache, heartburn, pain in the sides and back; is sugar-coated, and GUARANTEED TO BE PURELY VEGETABLE. It acts directly upon the coating of the stomach and on the liver; can be taken in any climate—wet or dry weather. Beware of imitations. The genuine has an engraving of a lion on the outside wrapper. Price 50 cents. For sale by Osburn & Shoemaker, druggists. oct 3

Is it astonishing how cheap Sol. Levy sells his goods? Not at all; because he is satisfied with only a small profit. dec10

"Bless her diamond eyes." This expression is often used in praise of the bright eyes of the dear girls. But if you want the genuine brilliancy, you must go to Goeggel's, on Virginia Street. dec11tf

Dr. Astley Cooper's Vitriol Remedy. The great English remedy has many more cures of Nervous Debility, Seminal Weakness, Lost Manhood, nocturnal emissions, impotence, inability for mental labor, despondency, and such diseases as are induced by youthful follies and excesses, than all other medicines combined. It is not a stimulant nor excitant, is perfectly safe to take, is not a quick nostrum, and produces results that are wonderful. Why will you suffer? Send to A. E. Mintz, M. D., No. 11 Kearney street, San Francisco or the Remedy, and be cured. Price, \$5 per bottle. Four times the quantity, \$10. Try a bottle. Dr. Mintz treats all private diseases successfully. Osburn & Shoemaker, Agents. jec10tf

WHICH WAS IT BEST?

A communication from Mr. Towne, General Superintendent of the Central Pacific, is published in another column of the GAZETTE. The petitions from Reno, Carson and Virginia were received exactly in the nick of time. The Governor had just returned from the East, and the whole question was open and being discussed pro and con and the desire of the people here to have the train continued was the straw which turned the scale. The GAZETTE has always labored to induce the people in Nevada to establish intimate and friendly relations with the railroad company. We have believed, and still believe, that nothing but good could come from mutual friendship, explanations and understandings. The railroad officers are not omniscient. They don't know everything. They could learn from an hour's conversation with the commonest of us, and we, in turn, could see the other side of the question. We would learn that there are many things to be considered, and many things to contend with in every department of the business. The enemies of the company laugh at the idea of any concession or even consultation. They try to make people believe that the officers are unwilling to be fair, or even listen with common politeness to what their patrons have to say. Nothing could be painted blacker than the character of the men who built this great road. Even Congressman Daggett, a man who has one of the most important positions in the gift of the people, goes to his work breathing threats and curses on them. Instead of bringing his brilliant intellect to bear upon the subject, and giving the really valuable aid of which he is capable, to those who are struggling with it, he joins in all the impossible schemes sprung in Congress, and works with might and main for measures that cannot possibly be carried, and if they were, could not be enforced. The railroad question is one of vital importance, to not only Nevada, but all the states and the entire commercial world, and it should be studied with care, and legislated upon with prudence and judicial calmness.

AN IMPORTANT MEETING.

The most important business to come before the stockholders' meeting of the Agricultural Society next Monday will be the election of trustees for the coming year. The affairs of the society are in a very critical condition, and its success or failure depends very much on the character of the next board. Only very good management, combined with very hard work, will pull it through. The society is heavily in debt, and will never give another fair if there is not something done. This is no secret, and the best way is to look the matter straight in the face. The retiring board has done good work and deserve a reelection, but we understand that some of the members positively decline to serve any longer. In choosing their successors, the greatest care should be taken to get live men, good business men, and men who will take an interest in the matter.

EDITORIAL NOTES.

Attention has just been called to the fact that at the Third Congress of the United States, held at Philadelphia in 1793, the Senate passed a resolution as follows: "Any person holding any office or any stock in any institution in the nature of a bank for issuing bills or notes payable to bearer or order, cannot be a member of the House while he holds such office or stock." That law remains on the Statute book to-day, having never been repealed, but is practically a dead letter.

The State University is doing very well indeed this Winter. There is an attendance of 14 scholars, and the expenses are only twenty-five hundred dollars a month.

General Grant has not accepted the Presidency of the Isthmus Canal Company. He has a bigger thing than that in view.

The women of Iowa want to vote at school board elections. They are agitating for that object.

The late biographer of John Locke calls him a "negative positivist." Negative positivist is not bad. Debating societies might enrich their repertory of subjects this winter by discussing the question: "Which is more worthy of our approbation—a negative positivist or a positive negativist?"

PACIFIC COAST ITEMS.

Nevada county has furnished three competitors for the Record-Union prize story.

James Skinner of Green Valley, El Dorado county, offers a reward of \$1,000 for the arrest and conviction of the person who attempted to assassinate him on the night of the 11th instant.

The Berkeley Advocate says that Joseph Chapple went hunting to Ellis Landing on Friday last, and his powder flask exploded in his pocket, tearing away the arm of his coat and burning his side whiskers.

According to the Union, a company comprising Sacramento and Grass Valley parties, are erecting a furnace near the head of Rattlesnake creek, Nevada county, to work the ores of that vicinity by the Robertson process.

C. T. McGlashan, proprietor of the Truckee Republican, hearing that Geo. M. Pinney had sworn out a warrant for his arrest on a charge of libel, started for San Francisco last night to surrender himself and answer the charge.

The Republicans Counted Out in Maine.

Augusta, Me., December 18.—The full details of the count made by the Governor and Council show the following result: In the Senate the Fusionists are given 20 members and the Republicans 11; in the House the Fusionists 78 and the Republicans 61. Five cities, with 12 Republican representatives—Portland, Bath, Lewiston, Rockland and Saco—are without representation. The house will thus be 12 members short at its organization.

The actual result of the election, according to the returns before changed by the Council, was as follows: Senate—Republicans, 19; Fusionists, 12. House—Republicans, 60; Fusionists, 61. Not change in the Senate, 16; in the House, 46. By the election returns the Republicans had a majority of 38 on joint ballot. As counted by the Governor and Council the Fusionists have a majority of 96 on joint ballot. The Republicans claim that the rejections and changes were wholly on technical grounds. The certificates to the Senators and Representatives were sent out by mail to-day. The canvass of county officers is about completed. A committee of the Council is engaged in preparing a statement to justify the count.

The above offer is genuine, although at first
sight you would consider it impossible. We
will explain: Since we have established our
business here, March 1st, 1878, we have paid
particular attention to the buying of Bank-
rupt and Auction lots of jewelry and valuable
goods, and at low prices, as our customers
value, and in no instance have we paid over
one-sixth the manufacturers' price. Stocks
starting we have always been able to dis-
pose of these goods in Chicago and through our
regular customers throughout the country at
nearly regular prices. As a result we could pre-
pare them, but owing to the large number of
failures among the jewelers and manufac-
turers throughout the country, and other com-
tries during the months of June, July and
August (the time when the jewelry business
is stagnant), we have now on hand an im-
mense stock of the most desirable goods we
have ever handled, and which we have bought

at lower prices than ever before. In order to
dispose of this entire stock in the most
expedient manner possible, and make room for
new ones which we shall continue to buy, we
have hit upon the following novel plan:
We propose to sell you any one of the most
desirable of these goods, giving opposite each
article its regular retail value, and sell to you
at the rate of "Five Dollars" worth for \$1.00
instance, on receipt of \$1.00, we will send you
your choice of any article to the value of
\$5.00; on receipt of \$1.00, we will send you
\$5.00 and so on throughout the entire list.
Below we give a list of the most valuable of
these goods:
